

NWCCA League Membership and Timing System Information 2017

Registered league riders are loaned the league's **RETURNABLE** race number, transponder and ankle strap, and arm number for adult categories. You will keep these between events and use at every league round.

At the end of the season please promptly return CLEANED race numbers and transponders. Volunteers spend a lot of time chasing riders up to return items not returned, and clean dirty items. **Volunteers are not paid for their time.**

If you forget to bring your race numbers or transponder to a race, please tell the sign on team. You will be issued with a non-league race number and transponder **for that race only**, and these will be associated with your league number for that race. You **MUST** return the temporary number and transponder after that race.

Transponders and race numbers cost money, please look after them.

DO	DON'T
Bring your numbers and transponder to every race	Swap transponders with other riders – this causes chaos for judges!
Attach the strap to the transponder as: 	Go near the finish area with your transponder whilst other races are on, this applies to your children as well
Check you are wearing YOUR transponder, not someone else's	Put your transponder on your wrist or in your back pocket.
Wear your transponder on the outside of your ankle.	Fasten your transponder to your bike
Wear your transponder on the outside of your sock and all other clothing	Put your transponder in the washing machine
Inform the commissaire at the start if you are not wearing your transponder	Stop on or close to the finish line at the end of the race
Keep your numbers, transponder and ankle strap clean	Bunny hop the transponder mat and land on it

Please read the NWCCA league rules at <http://nwcca.org.uk/league-rules/>
